

Triangle Chapter Rudy Repeat

Triangle Members with the Rudy Award at Region IV CRC

Building on the momentum of a great 2014-2015, The Triangle Chapter of ASHRAE won the Region IV Rudy Award for the second year in a row. Members recently accepted this award at the annual Region IV CRC which was held at Lake Lanier Legacy Lodge in Buford, GA. Led by 2015-2016 Chapter President Tim Ashby, the Triangle Chapter led all Region IV chapters in total Presidential Award of Excellence (PAOE) points and led the way in sustainability and outreach programs, including a chapter work day at the Tammy Lynn Center.

Thanks, Tim!

As the 2015-2016 Triangle ASHRAE President, Tim Ashby was the driving force behind the Chapter's success over the last year. On behalf of the Chapter, a very big Thanks to Tim for all of his hard work over the last year.

Fall Outing

October 2016
More Details to Come

September Meeting

Join us on September 14, 2016 as we welcome Julia Keen, a professor from the Department of Architectural Engineering and Construction Science at Kansas State University, and owner of Keen Designs. Julia will discuss ASHRAE Building Energy Quotient (bEQ) and cover the purpose and advantages of building labeling and its effect on building performance. She will provide an in depth explanation of bEQ and discuss what distinguishes bEQ from other certification programs and the process used to meet the requirements to qualify a building for certification.
