

Volunteer for an afternoon on the Hill and join us in promoting ASHRAE to our North Carolina Legislature.

The Triangle Chapter of ASHRAE is planning a Day on the Hill.

The goal of the visit is to share information about ASHRAE and introduce ourselves as industry experts to our Senators and Congressmen.

<p>SCHEDULE: Wed, June 6, 2018 12 Noon - Meet (and eat if desired) at the Museum café 1:00 - Briefing</p> <p>1:30 - Head over to the Legislative Building 5:00 - Done</p>	<p>The plan is to first gather in the Pharaoh’s at the Museum Café, (within the downtown NC Museum of History. the the eastern-most of the 3 downtown museums). Tim & Adam will brief everyone on what's next.</p> <p>We'll then walk across the street to the Legislative Building as a group and visit as many legislators as we can.</p>
---	---

Parking available in Visitor Lot #1, east of the museum, across Wilmington St. entrance at 190 E Jones St, Raleigh, NC 27601 and on E Edenton St. Cost \$2/hr

This will be the 2nd annual event hosted by the Triangle Chapter GGAC Committee that allows statewide ASHRAE members an opportunity to interact with North Carolina State legislators. The Grassroots Government Advocacy Committee builds relationships with government officials to educate them about ASHRAE and our local experts, technical resources, standards and guidelines. ASHRAE plays a vital role in the built environment and the DoH Event provides face-to-face time with influential government officials to promote discussions around sustainable practices by our members. Volunteer participation is very important towards our goal of establishing long term relationships with State legislators. The visit will include scheduled sit-downs with representatives and breakout groups to walk the halls of the NC Legislative Office. I encourage all that can make the date to come out to a fun and exciting opportunity to learn more about North Carolina government!

Interested to play a more active role in advocacy for ASHRAE?
