

## **2015 Autumn Golf Outing - October 22, 2015**

**Join us for a special 2015 Triangle ASHRAE Autumn Golf Outing. We continue this year in hopes of raising more money than ever for Resource Promotion! This event will be held Thursday, October 22, 1:00 pm at Lochmere Golf Club in Cary, NC . Sponsorships are available. See details below.**

**All monies raised by ASHRAE go towards funding research projects to help develop new technology and improved design standards as well as providing scholarships to engineering students in the building science field. In 2014, ASHRAE funded over \$2,200,000 in research projects direct from contributions and awarded over \$100,000 in scholarships.**

**The local Triangle Chapter of ASHRAE has seen the benefit of these donations in 2015 with a new undergraduate research grant awarded to the ECU College of Engineering and Technology and a \$10,000 scholarship provided to a local North Carolina student.**
